

## Mighty Banner

### Product Bulletin

Mighty 13 oz. Banner combines high tenacity polyester yarn, woven into scrim fabric encapsulated in PVC film front and back. With this construction, the higher strength, high tenacity (HT) yarn has the same or better tear and tensile properties as other 13 oz banners. It has a smooth print face with a slight scrim pattern and natural white color. It features dimensional stability and excellent printing performance. Available in a gloss or matte finish. Compatible with Solvent, Eco Solvent, Latex & UV curable inks.

### Product Characteristics

---

- 13 oz. Scrim Banner
- Available in Gloss or Matte
- Solvent, Eco Solvent, Latex & UV curable inks
